Am I My Brother's Keeper?

The vote this week shows Jasper as usual is on the right side and ready to build the almshouse. There is a right side to all questions and while you have youth, health and money, you may think you will never need keeping, but like climbing a mountain it's a long way up and you slide pretty fast coming down the shady side, and we want to say get you a new Hercules buggy, the best buggy sold for the price, and take care of yourself, and when you sow oats or plant corn use Swift's or Tennessee Special Grain Grower and get all out of your soil that can be produced. It will sure pay you. Plant the best seed corn you can get. We have most any kind you want 95 per cent pure. We also write Fire Insurance on the installment plan and loan money for 6 1/2 per cent straight—no commission. Invest your money in Jasper or nearby, where by their votes they stand on the right side and trade with

Horsemen, Notice.

I wish to announce to the public that I have opened up a public breaking and training establishment with E. L. Landerbaugh at his breeding barn in Jasper, Mo. I have had 15 years experience breeding and training horses for the largest breeding farms in Missouri and Kansas and can give the best of reference. For the past year I have been head trainer for W. B. Taylor of Nevada, Mo., who is the largest trainer of race horses in the state. I can break your colts, city break your driving horses, break your spoiled ones and train your horses for speed on Mr. Landerbaugh's standard half-mile track which he built last fall. I also assure you that only humane and kind treatment will be used in handling any horses placed in my charge. My terms are very reasonable. Please call and see me or E. L. Landerbaugh for further particulars. A. B. Riggs.

Are YOU Satisfied?

Russell Sage, who left one hundred million dollars, not being able to take it with him, was once asked: "Why are you amassing so much money? You can't eat it. What good will it do you?" Mr. Sage thought for a moment and then replied: "Ever play marbles?" "Yes, when I was a boy," was the reply. "Did you stop when you were winning? Of course you didn't, but why? You couldn't eat them. You couldn't drink them. What good did they do you?" And the moral lies here. To be successful is to be never satisfied. Crandall Bros. are not satisfied to have their shelves empty. As you empty them we keep filling them with clean, fresh goods. We have been in formed the Locke-Wiles Biscuit and Cracker Co. have been sending some of our customers samples of cakes and crackers. We have just received a fresh supply of all these goods and are on the shelves. Come in and help empty them and we will get busy filling them again.

Yours for business,
